

## SENIOR VISION CREW

Acknowledged as one of Australia's leading meetings and events venues, Brisbane Convention & Exhibition Centre hosts a diverse range of more than 900 events each year. With a major expansion opening in 2011, the highly awarded venue is seeking enthusiastic and committed people to deliver the highest level of service for our events. At the Centre we strive to create a working environment that rewards excellence, provides job satisfaction and opportunities for advancement and encourages a balance between work, family and community. An opportunity exists for dynamic, innovative and proactive professionals to join the Centre's highly motivated team.

Our Audio Visual and Production Services Department is seeking casual highly experience Production Crew in the discipline of Vision. The successful applicants will be responsible for the provision of vision services for all events within the Centre. This hands-on role will require the setting of and operating of vision equipment for events. Refined specialist technical skills in vision and a firm knowledge in vision systems and equipment are essential, as is the demonstrated ability to perform 'fault finding' and running repairs. Previous experience in a corporate environment is a must. We pride ourselves on making events personal and in the ability to deliver success, and would therefore expect the successful applicants to be totally client and customer service focussed. **Please note that applicants must have Australian permanent residency or permanent resident status.** These positions are on a **CASUAL** basis. It is essential that applicants possess the ability to work a variety of shifts over 7 days and nights.

If you meet the above criteria and would like to be part of an enthusiastic and committed team working in a dynamic and exciting industry then please apply to:
