

This mini menu has been crafted around Queensland flavours and nutrients that will feed the type of energy and atmosphere you want at every stage of your conference or event. We've joined forces with Queensland Firebirds Nutritionist Kerry Leech to consult and advise on menu content and as a result, this menu for the health conscious provides the necessary nutrition for focus of the mind and energy to keep you going.

Please note many of our dishes may contain allergens. Advise your Event Planning Manager of your guests' food allergies or intolerances. Menus valid to 30th June 2019.

“When we think of breakfast, it should be just that – Break Fast. Your body has been replenishing and recovering overnight. The first meal of the day should top up your energy stores and provide a long lasting source of energy. It is also important to start your hydration practices for the day – juices that contain vegetables and lots of colour are a great way to get in a wide variety of vitamins and minerals.”

"All of the lunch choices are designed to provide maximum nutrition through the use of colourful vegetables, grains and seeds, while not limiting flavour. Look for foods with plenty of colour to provide antioxidants, wholegrains for fuel, lean proteins to keep you satisfied through the afternoon but still light enough to keep you comfortable."
